EXPERIENCE

TrystonPerry.com — *Front End & Back End Developer*

JAN 2016 - OCT 2016

I worked at this job for approximately 9 months, in that time I was highly admired by the management team and considered for a management position. Outgoing, Hardworking, and open to different shift-times.

EDUCATION

Udemy - *The Web Developer Bootcamp*

Most of my web development knowledge came from an online bootcamp course that introduced me to HTML, CSS, and Javascript. There I learned the basics and taught myself the rest. I believe my portfolio showcases the best of my skills.
